Three Tracks

**HEAL -
TRANSCEND -
EXPLORE**

**Our conference covers the
three paths of
psychedelics:
clinical/healing,
recreational/play and
spiritual/religious,
providing a comprehensive
understanding of their
benefits and risks.
Whether you're interested
in therapeutic use,
creativity, or spirituality,
the conference offers an
opportunity to learn and
connect with like-minded
people.**

Opening Keynotes

**9:00am -
10:30am**

Hear from
psychedelic
thought
leaders

- **Brooke Lark** of Ayahuasca Diaries will talk about the importance of exploration and plant medicines.
- **Steve Urquhart**, co-founder of the Divine Assembly will share the power of spirituality through psilocybin.
- **Bridger Lee Jensen**, founder of Utah Psychedelic Therapy, and clinical coach with over 4,000 hrs of guided sessions.
- **Mindy Vincent** of Utah Harm Reduction will celebrate the important work being done in therapy and healing through

plant medicines.

10:30am - 11:20am Breakout Sessions

Psychedelic-Assisted Therapy: Best Practices for Safe and Effective Patient Care

As psychedelic-assisted therapies become increasingly popular, more patients and clients are turning to therapists and other healthcare providers for guidance and support. This breakout session is designed for licensed professionals looking to enhance their skills and

Beyond the Trip: Integrating Tantric Practices for a Sustainable Psychedelic Journey

Join us for a thought provoking presentation on how to weave tantric practices into your psychedelic journey and your life as a whole for sustained awakening and inner joy. Our speaker will clear up misconceptions and share insights on how

Psychedelics 101: A Beginner's Guide to Understanding Psychedelic Drugs

Curious about the world of psychedelics but not sure where to start? This breakout session is designed for those new to the field, providing a comprehensive overview of the major psychedelic drugs, including their history, effects on the human mind and body and current uses

knowledge in working with patients who are taking psychedelics - with or without their supervision. From preparation to integration, you'll learn the best practices for providing safe, ethical, and effective care to those in need. Join us to protect yourself and your patients, and to help lead the way in this rapidly evolving field.

adopting tantric mindfulness can help deepen your connection to divinity and create a more meaningful and fulfilling life. In this session, you'll learn about the intersection of tantra and psychedelics and how they can complement each other for a transformative experience brimming with love and connection to all. Whether you're new to tantra or an experienced practitioner, join us as we explore the power of tantra and psychedelics to unlock a new level of love, awareness and spiritual growth in your life.

in research and therapy. From psilocybin to LSD to ayahuasca, we'll cover the basics of each drug and how to stay safe if you choose to explore them. If you're not interested in using psychedelics yourself, this session will equip you with the knowledge you need to help others, whether as a healthcare provider, researcher or simply an interested observer.

11:30am - 12:20pm
Breakout Sessions

The Power of Integration: Moving Beyond the Psychedelic Experience

The psychedelic experience can be transformative, but its true power lies in what comes after. In this session, we'll explore the crucial role of integration in making the most of your psychedelic journey. Whether you're using psychedelics for therapeutic or spiritual purposes, integration is key to translating your insights and experiences into lasting change in your life. Led by experts in the field, this session will provide practical tips and strategies for

Redefining Spirituality: Finding Meaning and Purpose in the Psychedelic Experience

When scientific research participants claim deep spiritual healing through studies that include psychedelics, it raises important questions about the nature of spirituality and the relationship between science and religion. In this session, we'll explore the ways in which psychedelic experiences can challenge and expand our understanding of spirituality and how we can redefine our relationship with the divine. Whether you're a scientist, a spiritual seeker or simply curious

Beyond the Hype: Navigating Ethics and Consent in Psychedelic Spaces

Join us for a thought-provoking talk on the intersection of sex, drugs and consent in psychedelic spaces. Our panelists will delve into the ethical considerations that arise in these contexts and offer practical tools for navigating these issues with care, consent, boundaries and compassion. In this session, you'll learn about the importance of creating safe and consensual spaces for exploring altered states of consciousness and the potential risks involved when boundaries are not
